

ARROWHEAD MEDICAL CENTRE

We are a mixed billing clinic. This means that we bulk-bill children 15 years of age and under who have Medicare card, DVA, health care card and pension card holders. Every other patient is billed privately.

Your card must be valid and presented in person on your visit or emailed through prior to your phone consultation. Failure to provide/present your valid card means you will pay private a fee (no refund/payback after) for your consultation.
